On October 30, 2023, CBAI attended an Economic Roundtable in Naperville which was hosted by the Federal Home Loan Bank of Chicago and featured Illinois Congressman Bill Foster (IL-11th). CBAI participated in this discussion along with other FHLB-Chicago district financial services, homebuilders, and realtors associations. Congressman Foster is the ranking member of the House Financial Services Committee's Subcommittee on Financial Institutions.

Congressman Foster provided his thoughts on several economic and financial services issues and was interested in learning about our thoughts and concerns. A variety of financial institution issues were discussed including bank capital rules, the ACRE Act (H.R. 3139), the Credit Card Competition Act, and the CFPB's small business data collection rule. The homebuilders highlighted their continuing material supply chain issues and the shortage of qualified labor while the realtors emphasized the shortage of homes available for sale, high prices and the high residential mortgage interest rates.

CBAI appreciates the Federal Home Loan Bank of Chicago for hosting this event.
